- 5.** Cricoid Pressure and Audit of Knowledge and Practice of Intensive Care and Emergency Department Staff.
Erica Jolly & Louise Young

Judges Dr Dan Dalglish (Poole & Bournemouth)
 Dr Jane Goddard (Southampton)
 Dr Paul Spargo (Southampton)

Speakers

Mr Charlie McLaughlan MBA MSc

Director of professional standards at the Royal College of Anaesthetists, member of the Safe Anaesthesia Liaison Group and heavily involved with the college safety programmes.

Dr Mark Patten

Consultant in Anaesthesia and Intensive Care as well as Clinical Director at Luton & Dunstable hospital. One of the main champions of the matching Michigan campaign.

Dr Chris Frerk MB ChB FRCA

Author of NAP4. Interest in Human Factors and Airway management Consultant Anaesthetist at Northampton General Hospital. Member of the Difficult Airway Society.

Dr Duncan McPherson FRCA

Duncan is a final year SpR in anaesthesia and pain medicine. He is training flexibly so that he has time to work on patient safety for Portsmouth Hospitals NHS Trust in addition to his clinical commitments. He is a co-opted member of the Safe Anaesthesia Liaison Group. During 2010-11 he was seconded to the National Patient Safety Agency as part of the Chief Medical Officer's Clinical Adviser Scheme. He is also studying for an MD in patient safety policy at Imperial College.

Dr Jonathan Harrison

Dr Harrison is a Consultant Anaesthetist in Portsmouth with a long standing interest in the medical interview process beginning with the creation of the first AAGBI GAT seminar on interview skills for the SpR interview in 1996. This seminar developed into the GAT Consultant interview skills seminar which he ran until he secured a consultant post in Portsmouth in 1999. The AAGBI continues to run this seminar and Dr Harrison remains a regular speaker and interviewer. As a junior consultant, Dr Harrison took on the role of Clinical Director and furthered his experience of the application and interview process “from the other side of the table”. He is regularly sought out to advise senior trainees on their CV development in their final 2 years of training and for advice on interview skills and the consultant interview process.

Dr Juliette Kemp MBBS, BA, DipDHM, DipMM, FRCA

Juliette is a final year SpR currently working in Southampton. Outside anaesthesia she has interests in hyperbaric medicine, altitude physiology and expedition medicine. In 2009 she spent 3 months developing the paediatric service in Battambang, Cambodia.

Dr Renee Ford FRCA

Renee is an ST5 trainee in Winchester. In 2009-10 she spent a month working for the air ambulance in Nairobi, Kenya with AMREF. She has also spent two weeks in the tertiary trauma centre in Saigon, Vietnam in an educational capacity introducing clinical governance, guidelines relating to monitoring and surveying current regional anaesthesia practice identifying areas requiring improvement. She hopes to pursue specialist interests in neuroanaesthesia and difficult airway management.

WAIT Committee 2011

Dr Anne-Marie Bougeard

Dr Jessica Wiggins

Dr Duncan McPherson

Dr Renee Ford

Dr James Walker

Dr Andrew Vaughton

Dr Timothy Hanham
